How to repair the machine?

After purchasing our machine, a customer specialist will be assigned to take care of your after-sales issues. The account manager will be responsible for your order delivery, logistics tracking, inspection, subsequent maintenance, re-purchase and other issues. You can also call us. Contact our customer specialists and troubleshoot the problem through telephone guidance. Generally, it can be solved with just hands-on work.

PS tips:

Our machines have been strictly tested before leaving the factory. After receiving the goods normally, open the package and plug in the power supply can be used. If it cannot be used, it may be due to bumps during logistics and transportation. For minor problems, you only need to call us, we have professional technicians to troubleshoot the problem. You can do it by yourself.
