

1 Person Mini Claw Crane Machine 60W Coin Operated Arcade Game

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Faster
- Model Number: XY-003
- Minimum Order Quantity: 1
- Price: \$140-195

Product Specification

- Voltage: 110V/220V
- Power: 60W
- Weight: 30KG
- Dimensions: L47*W55*H110CM
- Material: Metal+Acrylic
- Plug Type: US PLUG
- Operated System: Coin Operated
- Player Capacity: 1 Person
- Logo Design: Embroidered, Heat-Transfer Printing
- Color: Customized Color
- Version: English
- Age Range: >3 Years
- Is Customized: Yes
- Model Number: XY-003
- Delivery Time: 7-15 Working Days

Product Description

Mini Claw Crane Machine Small Vending Game Machine Plush Claw Machines

Product Specifications

Attribute	Value
Brand Name	Xunying
Model Number	XY-003
Type	Crane Machine, Plush Toy Doll Grabber machine
Age Range	>3 Years
Customization	Yes (OEM Service Available)
Plug Type	US PLUG (All types available)
Voltage	110V/220V
Operation	Coin Operated
Material	Metal + Acrylic (Customizable)
Weight	30KG
Dimensions	55×47×110cm (L×W×H)
Power	60W
Warranty	12 Months + Lifetime Technical Support
Certification	CE Certified

Key Features

- Professional-grade claw machine for commercial use
- Customizable design options including logo and graphics
- Durable metal and acrylic construction
- Coin-operated system for easy commercial operation
- Compact size ideal for various entertainment venues
- Available in multiple color options
- Single-player design with adjustable difficulty

a mini claw machine loved by kids

The Mini Claw Machine for Kids is a fun and exciting arcade game that is perfect for children who love grabbing skills and small toys. This electronic toy is designed to provide hours of entertainment, allowing kids to test their skills and win prizes. With its candy vending machine and coin pusher toy, the Mini Claw Machine is a great way for kids to have fun and enjoy themselves. It's also a wonderful birthday gift for 6, 7, 8, and 9-year-old girls who love unicorns and cool things. This indoor toy is made from high-quality materials and is designed to last, ensuring that kids can enjoy it for years to come.

Encourage creativity and continuous fun! - a mini claw machine loved by kids

Encourage creativity, build fine motor skills, and develop hand-eye coordination with this game playset. Keep the prizes that you win, or place them back into the machine for continuous fun!

Ideal For

- Game Centers** Perfect for arcade game rooms
- Shopping Malls** Attracts customers and increases foot traffic
- Amusement Parks** Great addition to entertainment areas
- Carnivals** Popular attraction for events and fairs
- Gyms & Recreation Centers** Adds fun element to facilities

Operating Principles

Hardware Structure:

Claw Mechanism: The machine features a claw at the top, typically controlled by a motor that allows it to move up and down while opening and closing.

Control System: It includes a circuit board and microcontroller that process user inputs and control the movement of the claw.

Joystick and Buttons: Users control the claw's movement and dropping action using a joystick or buttons.

User Operation:

After inserting coins or tokens, the machine activates.

Players use the joystick to move the claw horizontally and vertically, positioning it over the desired prize.

Claw Mechanism:

When the player presses the drop button, the claw descends to attempt to grab the toy below.

The closing of the claw is usually powered by springs or a motor.

Grabbing and Releasing:

If the claw successfully grabs a toy, it will lift it back to the release area.

Upon reaching the release zone, the claw opens, dropping the toy into a prize chute.

Randomness:

Some machines may have adjustable grip strength, introducing an element of randomness to the game, making it more challenging for players.

Summary

The Mini Claw Machine combines mechanical and electronic controls to create an engaging experience for players trying to win prizes. The interaction between player actions and the machine's mechanics adds entertainment and challenge to the game.
